Ophthalmology Innovation Forum

Registration & Reception				Topic	一庫巨
Dr.崇龍	0020 0045	Section	Speaker	Topic	座長
Prevention Pauline Cho Validity of axial length measurements for monitoring myopia progression in children undergoing orthokeratology treatment Dr. 鄭惠川 Aspheric soft contact lens for myopia control Dr. 鄭春甫 Pigmented Arc of Orthokeratology-treated Children and Anterior Segment OCT Epithelial Thickness Analysis. Ose-of-of-of-of-of-of-of-of-of-of-of-of-of-		Registration &			++ ±+ ===
Dr. 製港川	0845-0940	prevention	Dr. 決伽首	intensity in a school-based cluster	李建圓
Dr.鄭惠川 Aspheric soft contact lens for myopia control			Pauline Cho	monitóring myopia progression in children undergoing orthokeratology	
Dr.劉春甫			Dr.鄭惠川	Aspheric soft contact lens for myopia	
O940-0950 Opening Welcome speech: Superintendent 陳建宗 Recent advance in orbital reconstruction 禁税如 Superintendent Recent advance in orbital reconstruction 禁税如 To35-1140 External eye and cornea Reiko Arita Innovative challenge for the evaluation of morphological function of meibomian glands. Dr.孫叔欽 Safety and efficacy of a P2V2 agonist in patients with moderate dry eye disease. Cultivated oral mucosal epithelial transplantation for the treatment of ocular surface disease Dr 王一中 Is there anything new or possibly better in addition to corneal endothelial cell injection for corneal dysfunction. Symposium (I) Pushing the frontier of treatment in symposium (II) Pushing the frontier of treatment in (brolucizumab) and its clinical trials. Lunchtime Concert (Lobby on the first floor) Dr.孫舜母 Dr.孫舜母 Dr.孫舜母 Dr.孫宗母母 OCT Angiography and Pathogenesis of Angiography and Pathogenesis of Infeature and untreated Dr.蔡舜母 Dr.蔡舜母 Dr.张宗母母 Dr.张宗子母 Dr.张宗子母 Dr.张宗子母母母母母母母母母母母母母母母母母母母母母母母母母母母母母母母母母母母母			Dr.劉春甫	Pigmented Arc of Orthokeratology-treated Children and Anterior Segment OCT Epithelial	
Recent advance in orbital reconstruction	0940-0950	Openina		Welcome speech: Superintendent 陳建宗	
External eye and cornea		Keynote speech	陳建宗	Recent advance in orbital reconstruction	蔡悅如
Blands. Dr.孫啟欽 Safety and efficacy of a P2Y2 agonist in patients with moderate dry eye disease. Dr.馬惠康 Cultivated oral mucosal epithelial transplantation for the treatment of ocular surface disease Dr 王一中 Is there anything new or possibly better in addition to corneal endothelial cell injection for corneal dysfunction. Anti-VEGF in RVO: What we learn from clinical experience (I) Pre-Lunch Symposium (II) Pushing the frontier of treatment in nAMD: a single chain antibody fragment (brolucizumab) and its clinical trials. Lunchtime Concert (Lobby on the first floor) I230-1345 Claucoma and Neurophthal mology Dr. 類音		Group photo	& Tea Break		10++++
Dr.馬惠康 Cultivated oral mucosal epithelial transplantation for the treatment of ocular surface disease Dr 王一中 Is there anything new or possibly better in addition to corneal endothelial cell injection for corneal dysfunction. Individual cell injection. Indivi	1035-1140			morphological function of meibomian glands.	研芳容 張淑雯 蕭靜熹
Transplantation for the treatment of ocular surface disease Dr 王一中				patients with moderate dry eye disease.	
addition to corneal endothelial cell injection for corneal dysfunction.			Dr.馬惠康	transplantation for the treatment of ocular surface disease	
Treatment strategy for Non-arteritic anterior insights from all ecture Dr. 禁德中 Dr. 禁德中 CT angiography and Patient record for patient care Dr. 排版如 Dr. 禁險如 Dr. **** Dr. ***			Dr王一中	addition to corneal endothelial cell	
Symposium (II)	1140-1200		Dr.蔡德中	Anti-VEGF in RVO: What we learn from	孫啟欽
Teatment strategy for Non-arteritic anterior ischemic optic neuropathy	1200-1220	Symposium	Dr.林純如	nAMD: a single chain antibody fragment	楊長豪
Taylor Dr. 陳賢立	1230-1345		ncert (Lobby on the		
Treatment strategy for Non-arteritic anterior ischemic optic neuropathy 上安國 上安國		Glaucoma and	Dr.陳賢立	OCT Angiography and Pathogenesis of Optic Neuropathies	古婉珍 呂大文
anterior ischemic optic neuropathy 1425-1455 Special lecture Jennifer Liang Watson in Medicine: Providing intelligent insights from a longitudinal patient record for patient care 1455-1510 Tea Break 1510-1615 Posterior segment Polypoidal choroidal vasculopathy: New observations and therapeutic implications Morphology of Type 1 Choroidal Neovascularization in Age-Related Macular Degeneration Detected by Optical Coherence Tomography Angiography Dr. 賴旗俊 PFCL assisted macular surgery OCT angiography biomarker in branch retinal vein occlusion. 1615-1635 Quiz Contest iPhone X & others				tension glaucoma-treated and untreated	
lecture insights from a longitudinal patient record for patient care 1455-1510 Tea Break 1510-1615 Posterior segment Hideki Koizumi Polypoidal choroidal vasculopathy: New observations and therapeutic implications 易中美 另一个	1425 4455	Consider		anterior ischemic optic neuropathy	
Posterior segment		lecture	Jenniter Liang	insights from a longitudinal patient record	東于軒
segment observations and therapeutic implications 楊中美Dr.楊長豪 Morphology of Type 1 Choroidal Neovascularization in Age-Related Macular Degeneration Detected by Optical Coherence Tomography Angiography Dr.賴旗俊 PFCL assisted macular surgery OCT angiography biomarker in branch retinal vein occlusion. 1615-1635 Quiz Contest iPhone X & others					P-111
Neovascularization in Age-Related Macular Degeneration Detected by Optical Coherence Tomography Angiography Dr.賴旗俊 PFCL assisted macular surgery OCT angiography biomarker in branch retinal vein occlusion. 1615-1635 Quiz Contest iPhone X & others	1510-1615			observations and therapeutic implications	陳世真 楊中美 場名
Dr. 楊嶺 OCT angiography biomarker in branch retinal vein occlusion. 1615-1635 Quiz Contest iPhone X & others				Neovascularization in Age-Related Macular Degeneration Detected by Optical Coherence Tomography Angiography	大河口
1615-1635 Quiz Contest iPhone X & others				OCT angiography biomarker in branch retinal vein occlusion.	
	1615-1635	Quiz Contest		iPhone X & others
